

“Dog Food”

This crazy little recipe tastes great, but looks just like dog food. At a puppy themed birthday party, we once served this out of tiny plastic dog food bowls (new & never used). The kids had a blast trying to eat the food from the bowls.

12 c. Crispix cereal
2 c. chocolate chips
1 c. creamy peanut butter
1/2 c. butter
2 c. powdered sugar

Melt butter, peanut butter, and chocolate chips.
Pour over cereal in large bowl. Mix well until all cereal is evenly coated.
Put powdered sugar into a paper bag.
Pour cereal mixture into bag of powdered sugar.
Shake until well coated.
Place bag in freezer for an hour. Serve in either a large bowl or a clean dog dish.
